VOLUME XII. CLEARFIELD, PENNSYLVANIA, TUESDAY EVENING, OCTOBER, 23, 1917 NUMBER 103

Teutons Hammered on All Fronts is War Report for Today

Russians Surprise Their Allies by Delivering A Blow. French and British Continue Their Raids

MOST ENCOURAGING REPORTS RECEIVED

(By United Press)

Washington, Oct. 23.—Smashing blows were delivered against the Germans on the east and west fronts today. Suddenly assuming the offensive the Russian forces forced the Germans to evacuate Hinzenberg Manor and advanced against them at three other points in the Riga sector near Werder.

The French simultaneously were delivering more blows—of such magnitude as to suggest a great general offensive—along the Oise.

American aviators of the Lafayette Esquadrille participated in this attack. The French official statement this afternoon declared that initial objectives were attained, many prisoners were taken and the offensive was continuing and gathering force. Other advices said that the British and French in great numbers were arriving on the Italian front with heavy and light artillery. Several Austrian munition depots have been blown up by civilians who were desperate over the food shortage, official Russian cables today stated. News from Berlin relayed through Rome said that the Austro-Swiss frontier had been closed on account of political orders from Austria.

Bulgaria is frightened at the hand writing she sees on the wall and hence is circulating separate peace propaganda through her envoy here according to Greek Minister Georges today. In an interview with the United Press today he expresses the opinion that Bulgaria is making plans for peace for she believed that the end of the war will mean a sweeping German defeat. Georges openly charged that the Bulgarian envoy in Washington himself or through his government is trying to make peace opinion in the United States although the Bulgarian envoy declares he has no communication with his government. Georges says that the Bulgarians want peace now because according to confidential advices the allied armies around Salonika are ready for a blow against the Austro-German-Bulgarian forces.

London, Oct. 23—German troops made a successful counter blow against one of the new British posts in a portion of Houthoulst Wood causing the rBitish to fall back a short distance Field Marshal Haig reported today. The German assault came early last night the British commander in chief reportde. This counter blow is the first which the enemy made in the last two British drives.

Urges Girls To Take Up Typewriting

Dr. Anna Howard Shaw Points Out Nation's Need of Operators

By George Martin

(United Press Staff Correspondent)

Washington, Oct. 23.—Dr. Anna Howard Shaw today urged America's girls to take up typewriters in defence of their country.

"A vital need of the government at the present time is for stenographers and typewriters," said Dr. Shaw, "and the Woman's Committee of the Council of National Defence has circularized the state divisions asking them to spread the idea among the girls and young women."

These jobs pay from $900 to $1,200 a year to start and are open to girls from 18 to 20, with good chances for advancement. Examinations are held throughout the country by civil service commissioners every Tuesday. All needed information can be obtained at your local postoffice. Dr. Shaw's circular says:

"The Commission urges, on the ground of patriotism that women who are trained in stenography or typewriteng, or both, enter open competitive examinations at once, and that those who have been training immediately undergo instruction in exacty the same spirit that has moved them to attend classes in first-aid nursing, that is, the spirit of helpfulness."

Garden Thieves Busy In This Vicinity

Prominent Citizen Offers Reward For Detection of Sneak Thief

One of the meanest thefts imaginable occurred within the limits of our own borough the latter part of last week. The garden thief, who perhaps is too lazy to farm a garden for himself, yet will steal the friuts of the labor of poor people in the Fall of the year, is one of the most contemptible of creatures, and at the time above mentioned one of this class of people entered the garden of a poor widow, Mrs. Annie Etzweiler, and stole every head of cabbage she had raised. They also stole from a poor, hard-working man with a large family, Mr. Ward Logan, stripping his garden completely. These thefts are as mean and as low as the one committed by the man who stole a penny from a boy on the street in one of our eastern counties, and when a policeman saw the child crying and got a description of the man, he finally landed him. The judge in sentencing this creature told him that his meanness was of the very lowest character, and that on account of the meanness of the offence he would give him six months in the county jail. Stealing from poor people and especially from a poor widow is so contemptible that it is beyond description.

Reward

1. the undersigned, hereby offer a reward of $5.00 for any information that will lead to the arrest of the person or persons who stole the widow's cabbage.

JOHN STOCK

Three Murderers Await Pardon Board Decree

Ward Mottern to Die on Monday Unless Again Respited

Harrisburg, Oct. 23.—Three murderers, none of whom has as much as two weeks to live if the present sentence be carried out, anxiously are awaiting word of decisions by the Board of Pardons today. Last Wednesday was the regular meeting day but other matters prevented a session till this week.

Henry Ward Mottern, youthful Jefferson county murderer, once refused a pardon, twice refused a rehearing, four times respited from the death chair, again asks the board for a re-hearing. His fourth respite came last week, after the board meeting was postponed. Otherwise, Mottern would have died at Rockview yesterday. Unless there is further interference he will die next Monday.

Martin Leshauski will be hanged in the Carbon county jail next Tuesday unless the board interferes.

Frank Borgio, Indiana(is before th eboard for the first time today. He asks commutation of death sentence. His is the only capital case on the original calendar today.

ATTENTION!

Make your donations for the Soldiers' and Sailors' Christmas Packets NOW. The Clearfield Chapter of American Red Cross must furnish 500, the first shipment to be sent by Nov. 1st. Do your part to send Christmas cheer to the boys in the service. Money may be left with the newspapers or handed to the members of the committee.

MRS. CHARLES T. KURTZ,
Chairman.

More than one hundred women are attending the school of law of New York University.

Twenty thousand working girls are affiliated with the various trades unions in Chicago.

Woman suffrage has received the indorsement of the National Council of Congregational Churches.

WILSON ADDRESS AT M. E. CHURCH WELL ATTENDED

Foe of Liquor Traffic Uses Very Strong Words In Condemning Use of Intoxicating Liquors

SEES A DRY NATION AHEAD

Rev. Dr. Clarence True Wilson, of Washington, D. C., the great temperance leader of the Methodist Episcopal church spoke to a large congregation at Trinity church Sunday morning. Rapidly he traced the progress of the temperance movement in this country, the past few months witnessing a marvelous progress toward a dry country—Alaska dry, Washington, D. C., dry, liquor advertisements banished from mails, newspapers from one end of the conutry to the other lined up for no liquor advertisements, and many of them out and out for prohibition, Porto Rico dry, the dry amendment to constitutiton passed by an overwhelming majority by the senate and destined to pass the house next December, and when submitted to the legislature it will be ratified in six months by thirty states. He stated that among the law makers at Washington it is becoming popular to take the side of prohibition, men not desiring to pass on to their children a record of opposition to a righteous cause that is sure to prevail.

Dr. Wilson thought no one would want him to side step the local situation. He found the liquor men all lined up in support of one man, and without criticism of any man personally, he plainly exhorted every man to work for the election of the candidate whom the liquor interests are fighting. It was interesting to learn how that in Oregon where he has campaigned for prohibition, men did not allow party lines to hold in local affairs.

What has the tariff or any other national issue to do with a county election? In local elections people were independent, and would swing from one party to another to elect the candidate who stood for the best things.

Speaking of patriotism, he said: "How much love of country has the man in the liquor business? You may look over the files in Washington and you will see farmers, merchants, mechanics, teachers, lawyers, doctors, ministers and men from nearly every walk in life, but you will look in vain for the name of a saloon keeper or brewer in the volunteer list."

It was a great speech and he held the attention of his audience for an hour.

In private conversation Dr. Wilson stated that as a pastor the man in the church who was a victim of the drink habit always had a friend in him, but that he had opened the back door of the church for more than one prominent man who signed liquor applications. The man who votes to support or perpetuate the nefarious business is to be condemned, he has only pity and sympathy for the man who is helpless in the grip of the appetite.

A MESSAGE FROM MCADOO

By Wm. Gibbs McAdoo

(Written For The United Press)

There can be no more appropriate Christmas gift in 1917 than a United States Liberty Bond. Let every patriotic American this year determine not to waste money on Christmas gifts. Do not give anything to appease the appetite or vanity. Let every patriotic American give a Liberty Bond. You will give a present of value and at the same time help win this great war for freedom against despotism. Every American who contemplates making a Christmas gift of jewelry or other expensive things should immediately decide to give a Liberty Bond instead. Wives, sweethearts and children would rather have a Liberty Bond than any other thing you can offer them. The Liberty Bonds will arm and equip our gallant soldiers and sailors for defense against attack.

New York, Oct. 23.—New York financiers hung in line with giving Liberty Bonds for Christmas presents as suggested by Secretary McAdoo through the United Press today. Many are making a run on banks and brokerage houses.

LOOKING FOR UNWRITTEN LAW IN MILITARY CODE

(By United Press)

Wash., Oct. 23.—Lawyer sharps in the war department are looking for an "unwritten law" in the strict military code. Here is their problem. In Texas an ex-soldier was arrested on his way home from camp wearing the uniform. The law prohibiting this is strictly enforced. The offender showed he had no other clothes. He would either be arrested, he said, for wearing the uniform or for the lack of a uniform or other clothing. The sheriff went beyond the law and permitted the uniform, but he is asking the war department to legalize his action as cases of this kind are becoming more and more frequent.

GETTYSBURG MEN TAKE $425,000

Gettysburg, Oct. 23—Twelve thousand regular army officers and men in camp here today subscribed for $425,000 for the Second Liberty Loan.

MINER'S OFFICER ARGUES CLAIM OF COMMITTEE

Says Production of Coal is Much Greater Than Heretofore and Believes Miners Patriotic

HOLDS NO BRIEF FOR LIQUOR

To the Committee on Public Safety
Clearfield County,

Gentlemen:

The meeting of your committee held at Clearfield, Pa., Tuesday, Ocloberd 16, 1917, you passed a resolution that was given wide publicity, and states in part:

"There is a manifest shortage in labor in Clearfield as well as other coal producing counties which limits the amount of coal that can be placed upon the market and it is necessary to use to the utmost the labor supply that is available; and whereas it has been brought to the attention of the Committee on Public Safety that the labor supply of the County, particularly in the coal industry, is being curtailed by the traffic in intoxicating liquors and the inefficiency produced by the excessive use of liquors; now therefore, Be it Resolved that the President of the Committee on Public Safety of Clearfield County be directed to bring to the attention of the President Judge of Clearfield County Courts, the existing conditions in reference to the labor supply, PARTICULARLY FOR OUR COAL MINES, with the request that some action be taken by the Court, in conjunction with the courts of adjoining counties in the Bituminous Coal Region to the end that traffic in intoxicating liquors may be curtailed or suspended during the period of the war.

This was followed by an editorial in the Clearfield Progress, Saturday Evening, October 20, 1917, which states:

"There have been instances recently where the miners were unfair to their employers and to the best interest of their country. It has several times been reported to us that miners have failed to start work in the morning because there were no cars under the tipple even though the train bearing cars for the days' work was in sight."

As for the Resolution adopted by the Committee on Public Safety, I desire to quote the following figures from the report of the Pennsylvania Department of Mines, giving the production of coal in Clearfield County for the past three years:

1914	7,149,023 tons
1915	8,022,894 tons
1916	9,061,550 tons

The year 1914 was the last year which could be called normal, as the demand for coal became great in 1915 and 1916 as a result of the great war in Europe, and my comparison is with the year 1914. These figures speak more plainly and eloquently in behalf of the coal miners of Clearfield county than anything the wrte may say. It shows that with less men engaged in the industry in Clearfield County in 1916 than were engaged in the industry in 1914, the production of Clearfield County was increased approximately 2,000,000 tons per year. This does not take into consideration the great quantity of coal shipped by wagon mines that are not reported by the Sate department. The efficiency of the miners in Clearfield County has, therefore, incerased in this period of time 25.3 per cent. I think everyone will agree with me that this showing is remarkable and instead of criticising the coal miners the Committee on Public Safety should ask some of the operators to emulate the miner's example. It is a well known fact that some coal operators who are shouting patriotism refuse to sell their coal to citiens of the United States because of the lower prices obtaining in this Country through agency of the Food bill and were shipping it to Canada where they received as high as $6.50 a ton for it. This practice became so notorious that the Fuel administration Administration of the United States has resulted in such a startling show operators to sell even a part of their supply in their own county.

No later than last week the Fuel Administration of the United States had to issue priority orders on behalf of the Pennsylvania Railroad in order that this great transportation system could obtain enough coal for their railroad use at the price fixed by the Government from the "Patriotic" operators of Pennsylvania.

As to the statement contained in

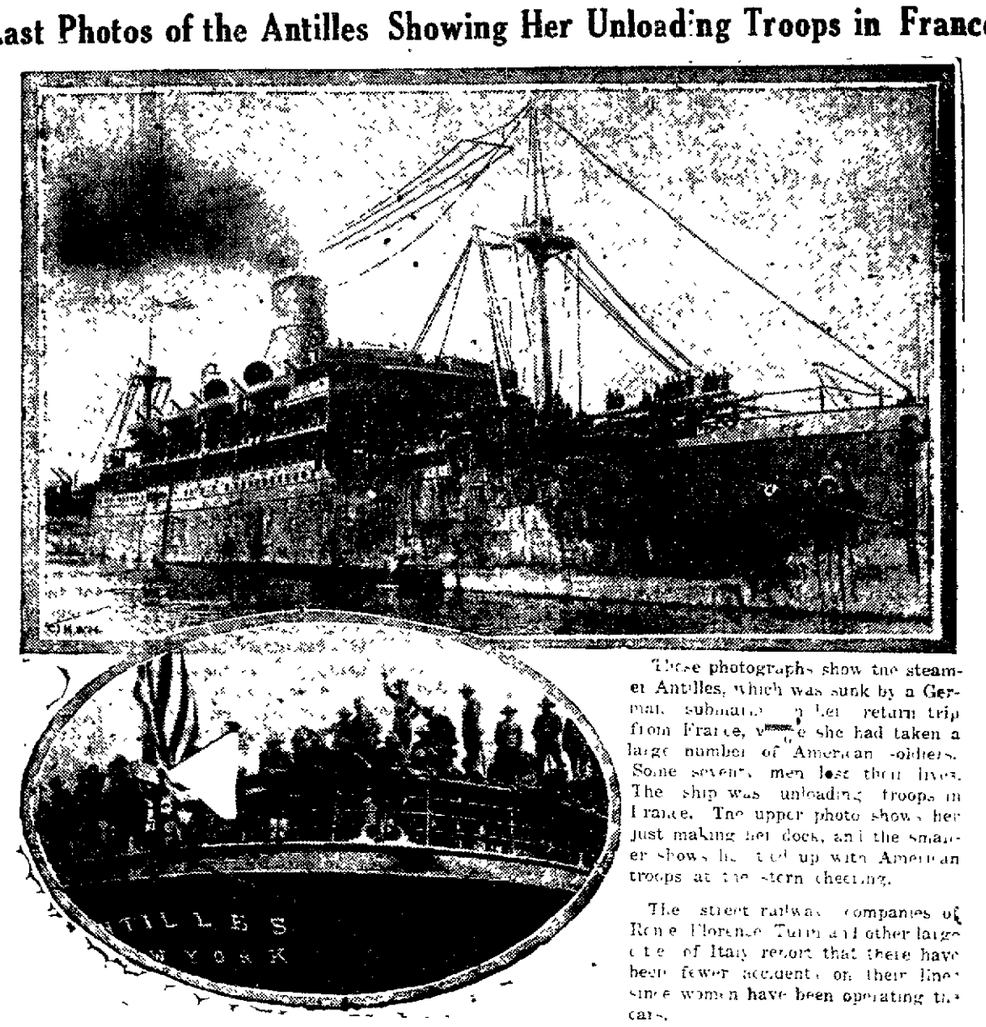
Last Photos of the Antilles Showing Her Unloading Troops in France



These photographs show the steamer Antilles, which was sunk by a German submarine on her return trip from France, where she had taken a large number of American soldiers. Some seventy men lost their lives. The ship was unloading troops in France. The upper photo shows her just making her dock, and the smaller shows her tied up with American troops at the stern cheering.

The street railway companies of Rome Florence Turin and other large cities of Italy report that there have been fewer accidents on their lines since women have been operating the cars.

Patriotic Rally At High School To Be Held To-night

Rain Or Shine Patriots of Clearfield Will Be Expected To Turn Out To Hear Hon. Lincoln L. Eyre

BRING SOMEBODY ALONG WITH YOU

(By United Press)

Washington, Oct. 23—For the final spurt in the Five Billion Dollar campaign the Treasury department today urges patriotic Americans to buy Liberty Bonds for Christmas presents and to buy them now as only five days remain. "Do your Christmas Shopping early by Buying a Bond" is the latest official slogan.

In the few remaining days the country must raise about $2,750,000,000 more to make the Second Liberty Loan a success.

"They will not wear our nor change in style," said Captain Oscar Price, National Director of Publicity in the Loan campaign. Members of the National Style association give the Liberty Loan enthusiastic support. "This bond giving plan also will solve the problem of what to know to give. Buying a bond is as simple as buying a newspaper," said Price "You will not help your country by showering necklaces, hobby horses and limousines on your family." Financial experts explained today that there is no feasible reason for a person not to buy a bond for a gift.

MORE MEN TO BE SENT SOON

According to word received by the local exemption board eligibles may hold themselves in readiness for a call between Tuesday and Friday of next week. The call will be for thirty per cent. of the quota.

The local contingent of colored men will entrain some time between Friday and Tuesday.

"This night thy presence shall be required of thee." The boys already in France are calling upon every man and woman in Clearfild to honor them by attending the Liberty Rally tonight.

The boys at Camp Lee will do their arduous drill with quicker step and straighter spine if they can read in a few days of the monster Liberty Rally held by their parents, friends and lovers in Clearfield.

Secretary McAdoo of the Treasury will be glad to see when actual subscription totals that Clearfield has not derelict in her duty as patriots.

The local Liberty Loan Committee working under direct orders of the Government, has labored hard and without rest for almost two weeks on Loan work. We owe these men a large measure of consideration. Let us support them by attending the meeting tonight.

Will we let a little town like Morrisdale out do us? Morrisdale has set the pace for attendance at these meetings. Clearfield must follow and it is possible for her to forge ahead.

The Federal Reserve Board is sending Hon. Lincoln L. Eyre here to speak tonight. Mr. Eyre comes highly recommended as a public speaker. He is not a professional lecturer or a political spell binder. He is a business man; another patriot, one of the many thousands of men who have sacrificed their business and are devoting all their time to their country.

Last night Mr. Eyre spoke at Philipsburg in the Rowland Theatre.

A crowded theatre was the result of the meeting called and enthusiasm was at a high pitch. Five band, the fire companies and the school children participated in the parade immediatelyl preceding the meeting.

Every boy who has left Clearfield for the army and navy is a big reason for you to attend the meeting tonight.

If there is an ounce of patriotism in your veins, it will manifest itself and prompt you to wend your way to the High School Auditorium.

This meeting is more important than the celebrations being held in honor of the departing soldiers. On these meetings, which are being held all over the nation, depends the very life of those soldiers.

DuBois has been working especially hard on the Liberty Loan campaign. Tomorrow the city will observe the holiday set apart by the government as Liberty Day. There will be a monster patriotic rally and mass meeting at the Avenue theatre with six speeches by the "Four Minute Men" and music by bands. There will be mass singing under the leadership of Dr. Spencer M. Free. Bars, pool rooms, cigar stores and all other business places will close the entire afternoon. An order has gone out that the police will close any store that keeps their doors open after the noon hour.

Conrad Butler Called By Death Angel

Death of Nineteen Year Old Boy A Shock to The Community

The entire comunity was shocked to hear of the death of Conrad Butler, eldest son of Grant Butler, who died early this morning at the family residence. Conrad had been ill for two weeks and had been in bad health for several years. About six years ago he developed heart trouble, later a form of Bright's disease and recently was afflicted with dropsy.

Mr. Butler aws a member of the 1916 graduating class of C. H. S., was popular with his class mates and a young man who was held in high esteem by all who knew him. He was nineteen years of age.

Women insurance solicitors are becoming numrous in some of the Eastern cities.

EDITORIAL

We cannot blame our people for not responding to every call upon their purses at this time when together with the high cost of living, the Liberty Loan and a dozen other things are occupying our attention and taking our dollars.

Occasionally however there arises a great big chance to do something really worth while. Something bigger and better than the ordinary charity. Something more full of meaning and sentiment. Something more essential than all the others with the exception of the Liberty Loan.

A few years ago we knew the Red Cross only as an organization which gave relief to afflicted peoples, flood stricken communities, fire swept cities and as an aid to the victims of such catastrophies as earthquakes and hurricanes.

Within the last yearo we became better acquainted with it through our having become contributors to the work. In addition to giving our money to carry on the work, Red Cross work rooms have sprung up in every town and hamlet. Busy women have consecrated themselves to the plying of the needle and the making of soft bandages to ease the aches and pains of the hero of the battlefield.

It is the only organization to which the Government turns for Good Samaritan work. When people need sustainance Uncle Sam turns the job over to the Red Cross. When his soldiers are ill and wounded the Red Cross mothers them.

Now there comes another line of service. Thousands of our boys will not be at the Christmas dinner table this year. He will not be at home to receive the customary gifts. In this respect, and probably in this respect alone, a man never grows entirely out of childhood. He exhibits a childish delight in receiving a gift at Christmas time. The Red Cross has undertaken to furnish every soldier and sailor with a Christmas box costing approximately $1.50.

Clearfield County has received notice that its allotment of the job will be five hundred such boxes. One third of the entire number must be sent forward on November 1st. This means that the Committee will have to send one hundred and thirty-five boxes within a week.

To the former appeal there was very little response. One of the local fire companies came forward at once. We suggested that the lodges follow suit. There is time yet fellows. Let us do it.

Can we not do without a little of the surplus gifts in our own home circle in order to make sure that every soldier and sailor gets a Christmas box? Will every reader of this article kindly turn back and read the notice on the front page and then act?

Democrats are finding it hard to reconcile themselves to a professing reform candidate who is in turn the press agent and campaign manager of the liquor dealer candidate.

Arnold could call in his field workers and win hands down now, but that woudln't be like Arnold. He is a worker. He finishes every job he tackles, therefore he will be found working for victory until the eve of the election.

Right Now

the business of war in all of its grim reality is occupying the attention of our country.
Its requirements are men, materials and money.
Many are pledging their lives to our country's cause.
Labor is supplying the energy necessary to produce the material equipment.
You are not asked to give, merely to **lend your money, at interest,** to the Government through the purchase of Liberty Loan Bonds.
As an American—cooperate.
We handle subscriptions.

Girl bootblacks have become so numerous in Boston that an ordinance is now proposed to prevent them from engaging in such occupation.

Corn Pain Stopped Quick

Corns Lift Right Off With "Gets-It"

Blessed relief from corn pains is simple as A B C with Gets-It.

When you've been limping around for days trying to get away from a heart-drilling corn or bumpy callus, and everything you've tried has only

made it worse, and then you put some Gets-It on and the pain eases right away, and the corn peels right off like a banana skin—"ain't it a grand and heavenly feeling?"

"Gets-It" has revolutionized the corn history of the world. Millions use it and it never fails. Ladies wear smaller shoes and have pain-free feet. We old fellows and young fellows forget our toes and feel frisky as colts. Everybody with a corn or callus needs Gets-It. We will all walk about and enjoy ourselves as we did without corns. Get a bottle today from your druggist, or sent on receipt of price by E. Lawrence & Co, Chicago, Ill. 25c is all you need to pay.

Sold in Clearfield and recommended as the world's best corn remedy by Irwin Drug Co., and Dooley's Drug Store.

Do you like music? Every one does. Come to the musicale given by the West Side M. E. Sunday School orchestra, Wednesday, October 31 and you will hear a good variety of orchestra selections, vocal solos, quartettes and many other good musical numbers. Price 15 cents.

Mrs. Woodrow Wilson, wife of the President, has become an expert golf player.

CURWENSVILLE

The borough schools and opera house have closed for a week or so owing to the spread of diptheria.

A. G. Woodward transacted business in Punxsutawney yesterday.

Mrs. George Bilger, of Greenville, visited relatives in town Sunday.

Mrs. Isabel Mehaffie and daughter Mrs. H. J. Leathers Mrs. Thomas Evans, Mrs. Benjamin Morrie, Mrs. C. W. McDowell and little son, Mrs. A. B. Mehaffie and son Richard spent Monday at the home of Mr. and Mrs. Joseph Smay at Leonard.

Mr. and Mrs. Albert Mallott and family spent Sunday afternoon with the latter's mother Mrs. Irvin Bennett.

Mrs. Orvis Thompson returned home Sunday evening from Williamsport where she had been attending her mother who is very low.

Mrs. James Cassidy is visiting her sister, Mrs. Harper in Grampian.

A. J. Frank transacted business in Clearfield yesterday.

Harry T. Smith has been on the sick list for several days.

Mr. and Mrs. S. C. Smith, Mr. and Mrs. J. E. Kramer, of Watsontown, and Mr. and Mrs. N. L. Stover of Montgomery motored to town Saturday and spent Sunday with Mr. and Mrs. Boyd Smith of Thompson street, returning home Monday.

Mrs. H. G. Guelker, of Tyrone, is visiting her parents Dr. and Mrs. G. C. Jenkins.

Michael Volpe is busy engaged in putting in the curb stones for some street work at Philipsburg.

Neil Rafferty aged about 9 years, is reported ill of diphtheria.

JUNIOR CHAUTAUQUA ... WINTER CLUB BEGINS

"I am Proud of My Town, Is My Town Proud of Me?" This is the motto of Junior Chautauqua and with that as the theme of the first meeting of the Winter Club they are beginning their course of recreation and citizenship, October 25th. Patriotism, health, conservation, work and town financing are some of the themes that will be discussed during this season, in addition to the program of stories and games aid the play given at the end of the season under the direction of the supervisor, Miss Edna Swartley.

The program is a continuation and elaboration of the work carried on during Chautauqua week in the summer, and aims to bring organized recreation and citizenship lessons to the boys and girls, and supplement the work of the school in the child's development. It will be conducted in co-operation with the school and it is hoped parents and teachers will lend their hearty moral and active support by visiting the club meetings and becoming personally acquainted with the work through the Supervisor and the local leader Miss Sara Leavy. The meetings will be held in the Y. M. C. A. Thursday, October 25th at 4 p. m. Those who are interested should keep a sharp watch for the posters announcing the meetings.

TAFT AND PALMER TO SPEAK

Scranton, Oct. 23.—Ex-President Taft and ex-Congressman A. Mitchell Palmer will both be speakers tonight at a public mass meeting in the National Guard armory here to boost the local Liberty Bond drive.

Mr. Taft made this ngagement weeks ago. Mr. Palmer consented to do his bit last wek while sitting here as a member of the district exemption board. His acceptanc ewas obtained the same day President Wilson appointed him custodian of alien property.

OF INTEREST TO WOMEN

Queen Wilhelmina of the Netherlands is a finished housekeeper. Aided by an assistant lady manager, she keeps herself thoroughly posted on and directs everything pertaining to the management of the palace at Het Loo, the park, the farm and gardens.

The young Queen of Spain is likely to become in the course of time the richest woman of European royalty. In addition to receiving her share of the large fortune of her mother it is expected that she will inherit the bulk of the millions possessed by the ex-Empress Eugenie, whose namesake she is.

They Offer Lives and Money

What better example could you have of true patriotism than the fact that the Boys of Camp Dix have already subscribed for over a Million Dollars worth of Bonds.

Mere boys, ready to go out into the hell of battle for you; ready for the one supreme sacrifice! Boys whose small solider's stipend will barely sustain them through the long black months, and yet who say:

"Here, We Will Take A Million of Your Liberty Loan, Uncle Sam! We Have More Than Lives To Give; We'll Give Money Too!"

Oh, men and women of Clearfield County, can you turn a deaf ear? Can you salve your conscience with a niggardly subscription when simple duty should multiply it ten-fold?

Our soldier sons will teach us fortitude and courage, *Must They Also Teach Us Honor?*

Boost these boys "Over the Top" to the victory they deserve.

The hour for men's work has struck! God give it to us to see this thing *Through Like Men!*

Mr. and Mrs. M. J. Owens of Mt. Joy left Saturday for Detroit, where they will visit their daughter Mrs. Fay Shirey. Mrs. Owens will stay with her daughter while Mr. Owens will visit western cities and they expect to return home the 1st of November.

Miners Officer Argues Claim of Committee

(Continued From Page One)

The Progress, "That miners left the mines when trains bearing cars were in sight," I desire to state that the Mine Workers Union were not notified of any such a happening in Clearfield County. A case such as this did occur in Cambria County last May, but the miners' officials requested the men not to do this again, and it has not happened since, at that place. However, that happened in Cambria, not Clearfield County.

If the miners proclivities to "booze" has rsulted in such a startling showing of inefficiency as in increase of 25 per cent. in their productive capacity with fewer miners to do the work it might be well for the Committee on Public Safety to reflect on Abraham Lincoln's advice to the critics of General Grant who complained that he was "boozing" too much. Lincoln stated that he would like to know the particular brand that Grant used so that he could buy some for his other generals, and they might be able to win a few victories too. This letter, however, is not written in defense of the liquor interests, and I hold no brief for them, but it is written in defense of the coal miners of Clearfield County.

We have it on no less authority than Dr. H. A. Garfield, Fuel Administrator for the United States, in the public press, that during the first eight months of 1917 the production of coal in the United States has increased 25 per cent over the same months of 1916.

The Committee on Public Safety should know that the great drawback to the production of coal everywhere in the United States is the lack of transportation facilities, better known as car supply. Just one instance in Clearfield County that came to my attention today. In one minting town of 400 miners located on the Moshannon Branch of the P. R. R. in this County they worked during the week beginning the 14th and ending the 20th of October only 15 hours; up until the present time this week and including today they have only received enough cars to work 2 hours. This is the fact about the matter, any statement to the contrary notwithstanding.

I am willing that the citizens of Clearfield County should now draw their own conclusions on the so-called "practical" esolntions adopted by the Committee on Public Safety so far as it reflects upon the coal miners of this County.

Very truly yours,
CHARLES O'NEIL,
Vice Pres. District 2, U. M. W. of A.

Mrs. M. V. Mapes of Clover Hill Farm is spending some time at the home of her daughter Mrs. Claire J. Dufford of Broad Lawn Farm, near Philadelphia.

VOLUME XII. CLEARFIELD, PENNSYLVANIA, TUESDAY EVENING, OCTOBER, 23, 1917 NUMBER 103

Teutons Hammered on All Fronts is War Report for Today

Russians Surprise Their Allies by Delivering A Blow. French and British Continue Their Raids

MOST ENCOURAGING REPORTS RECEIVED

(By United Press)

Washington, Oct. 23.—Smashing blows were delivered against the Germans on the east and west fronts today. Suddenly assuming the offensive the Russian forces forced the Germans to evacuate Hinzenberg Manor and advanced against them at three other points in the Riga sector near Werder.

The French simultaneously were delivering more blows—of such magnitude as to suggest a great general offensive—along the Oise.

American aviators of the Lafayette Esquadrille participated in this attack. The French official statement this afternoon declared that initial objectives were attained, many prisoners were taken and the offensive was continuing and gathering force. Other advices said that the British and French in great numbers were arriving on the Italian front with heavy and light artillery. Several Austrian munition depots have been blown up by civilians who were desperate over the food shortage, official Russian cables today stated. News from Berlin relayed through Rome said that the Austro-Swiss frontier had been closed on account of political orders from Austria.

Bulgaria is frightened at the hand writing she sees on the wall and hence is circulating separate peace propaganda through her envoy here according to Greek Minister Georges today. In an interview with the United Press today he expresses the opinion that Bulgaria is making plans for peace for she believed that the end of the war will mean a sweeping German defeat. Georges openly charged that the Bulgarian envoy in Washington himself or through his government is trying to make peace opinion in the United States although the Bulgarian envoy declares he has no communication with his government. Georges says that the Bulgarians want peace now because according to confidential advices the allied armies around Salonika are ready for a blow against the Austro-German-Bulgarian forces.

London, Oct. 23—German troops made a successful counter blow against one of the new British posts in a portion of Houthoulst Wood causing the rBitish to fall back a short distance Field Marshal Haig reported today. The German assault came early last night the British commander in chief reportde. This counter blow is the first which the enemy made in the last two British drives.

Urges Girls To Take Up Typewriting

Dr. Anna Howard Shaw Points Out Nation's Need of Operators

By George Martin

(United Press Staff Correspondent)

Washington, Oct. 23.—Dr. Anna Howard Shaw today urged America's girls to take up typewriters in defence of their country.

"A vital need of the government at the present time is for stenographers and typewriters," said Dr. Shaw, "and the Woman's Committee of the Council of National Defence has circularized the state divisions asking them to spread the idea among the girls and young women."

These jobs pay from $900 to $1,200 a year to start and are open to girls from 18 to 20, with good chances for advancement. Examinations are held throughout the country by civil service commissioners every Tuesday. All needed information can be obtained at your local postoffice. Dr. Shaw's circular says:

"The Commission urges, on the ground of patriotism that women who are trained in stenography or typewriteng, or both, enter open competitive examinations at once, and that those who have been training immediately undergo instruction in exacty the same spirit that has moved them to attend classes in first-aid nursing, that is, the spirit of helpfulness."

Garden Thieves Busy In This Vicinity

Prominent Citizen Offers Reward For Detection of Sneak Thief

One of the meanest thefts imaginable occurred within the limits of our own borough the latter part of last week. The garden thief, who perhaps is too lazy to farm a garden for himself, yet will steal the friuts of the labor of poor people in the Fall of the year, is one of the most contemptible of creatures, and at the time above mentioned one of this class of people entered the garden of a poor widow, Mrs. Annie Etzweiler, and stole every head of cabbage she had raised. They also stole from a poor, hard-working man with a large family, Mr. Ward Logan, stripping his garden completely. These thefts are as mean and as low as the one committed by the man who stole a penny from a boy on the street in one of our eastern counties, and when a policeman saw the child crying and got a description of the man, he finally landed him. The judge in sentencing this creature told him that his meanness was of the very lowest character, and that on account of the meanness of the offence he would give him six months in the county jail. Stealing from poor people and especially from a poor widow is so contemptible that it is beyond description.

Reward

1. the undersigned, hereby offer a reward of $5.00 for any information that will lead to the arrest of the person or persons who stole the widow's cabbage.

JOHN STOCK

Three Murderers Await Pardon Board Decree

Ward Mottern to Die on Monday Unless Again Respited

Harrisburg, Oct. 23.—Three murderers, none of whom has as much as two weeks to live if the present sentence be carried out, anxiously are awaiting word of decisions by the Board of Pardons today. Last Wednesday was the regular meeting day but other matters prevented a session till this week.

Henry Ward Mottern, youthful Jefferson county murderer, once refused a pardon, twice refused a rehearing, four times respited from the death chair, again asks the board for a re-hearing. His fourth respite came last week, after the board meeting was postponed. Otherwise, Mottern would have died at Rockview yesterday. Unless there is further interference he will die next Monday.

Martin Leshauski will be hanged in the Carbon county jail next Tuesday unless the board interferes.

Frank Borgio, Indiana(is before th eboard for the first time today. He asks commutation of death sentence. His is the only capital case on the original calendar today.

ATTENTION!

Make your donations for the Soldiers' and Sailors' Christmas Packets NOW. The Clearfield Chapter of American Red Cross must furnish 500, the first shipment to be sent by Nov. 1st. Do your part to send Christmas cheer to the boys in the service. Money may be left with the newspapers or handed to the members of the committee.

MRS. CHARLES T. KURTZ, Chairman.

More than one hundred women are attending the school of law of New York University.

Twenty thousand working girls are affiliated with the various trades unions in Chicago.

Woman suffrage has received the indorsement of the National Council of Congregational Churches.

WILSON ADDRESS AT M. E. CHURCH WELL ATTENDED

Foe of Liquor Traffic Uses Very Strong Words In Condemning Use of Intoxicating Liquors

SEES A DRY NATION AHEAD

Rev. Dr. Clarence True Wilson, of Washington, D. C., the great temperance leader of the Methodist Episcopal church spoke to a large congregation at Trinity church Sunday morning. Rapidly he traced the progress of the temperance movement in this country, the past few months witnessing a marvelous progress toward a dry country—Alaska dry, Washington, D. C., dry, liquor advertisements banished from mails, newspapers from one end of the conutry to the other lined up for no liquor advertisements, and many of them out and out for prohibition, Porto Rico dry, the dry amendment to constitutiton passed by an overwhelming majority by the senate and destined to pass the house next December, and when submitted to the legislature it will be ratified in six months by thirty states. He stated that among the law makers at Washington it is becoming popular to take the side of prohibition, men not desiring to pass on to their children a record of opposition to a righteous cause that is sure to prevail.

Dr. Wilson thought no one would want him to side step the local situation. He found the liquor men all lined up in support of one man, and without criticism of any man personally, he plainly exhorted every man to work for the election of the candidate whom the liquor interests are fighting. It was interesting to learn how that in Oregon where he has campaigned for prohibition, men did not allow party lines to hold in local affairs.

What has the tariff or any other national issue to do with a county election? In local elections people were independent, and would swing from one party to another to elect the candidate who stood for the best things.

Speaking of patriotism, he said: "How much love of country has the man in the liquor business? You may look over the files in Washington and you will see farmers, merchants, mechanics, teachers, lawyers, doctors, ministers and men from nearly every walk in life, but you will look in vain for the name of a saloon keeper or brewer in the volunteer list."

It was a great speech and he held the attention of his audience for an hour.

In private conversation Dr. Wilson stated that as a pastor the man in the church who was a victim of the drink habit always had a friend in him, but that he had opened the back door of the church for more than one prominent man who signed liquor applications. The man who votes to support or perpetuate the nefarious business is to be condemned, he has only pity and sympathy for the man who is helpless in the grip of the appetite.

A MESSAGE FROM MCADOO

By Wm. Gibbs McAdoo

(Written For The United Press)

There can be no more appropriate Christmas gift in 1917 than a United States Liberty Bond. Let every patriotic American this year determine not to waste money on Christmas gifts. Do not give anything to appease the appetite or vanity. Let every patriotic American give a Liberty Bond. You will give a present of value and at the same time help win this great war for freedom against despotism. Every American who contemplates making a Christmas gift of jewelry or other expensive things should immediately decide to give a Liberty Bond instead. Wives, sweethearts and children would rather have a Liberty Bond than any other thing you can offer them. The Liberty Bonds will arm and equip our gallant soldiers and sailors for defense against attack.

New York, Oct. 23.—New York financiers hung in line with giving Liberty Bonds for Christmas presents as suggested by Secretary McAdoo through the United Press today. Many are making a run on banks and brokerage houses.

LOOKING FOR UNWRITTEN LAW IN MILITARY CODE

(By United Press)

Wash., Oct. 23.—Lawyer sharps in the war department are looking for an "unwritten law" in the strict military code. Here is their problem. In Texas an ex-soldier was arrested on his way home from camp wearing the uniform. The law prohibiting this is strictly enforced. The offender showed he had no other clothes. He would either be arrested, he said, for wearing the uniform or for the lack of a uniform or other clothing. The sheriff went beyond the law and permitted the uniform, but he is asking the war department to legalize his action as cases of this kind are becoming more and more frequent.

GETTYSBURG MEN TAKE $425,000

Gettysburg, Oct. 23—Twelve thousand regular army officers and men in camp here today subscribed for $425,000 for the Second Liberty Loan.

MINER'S OFFICER ARGUES CLAIM OF COMMITTEE

Says Production of Coal is Much Greater Than Heretofore and Believes Miners Patriotic

HOLDS NO BRIEF FOR LIQUOR

To the Committee on Public Safety
Clearfield County,

Gentlemen:

The meeting of your committee held at Clearfield, Pa., Tuesday, Ocloberd 16, 1917, you passed a resolution that was given wide publicity, and states in part:

"There is a manifest shortage in labor in Clearfield as well as other coal producing counties which limits the amount of coal that can be placed upon the market and it is necessary to use to the utmost the labor supply that is available; and whereas it has been brought to the attention of the Committee on Public Safety that the labor supply of the County, particularly in the coal industry, is being curtailed by the traffic in intoxicating liquors and the inefficiency produced by the excessive use of liquors; now therefore, Be it Resolved that the President of the Committee on Public Safety of Clearfield County be directed to bring to the attention of the President Judge of Clearfield County Courts, the existing conditions in reference to the labor supply, PARTICULARLY FOR OUR COAL MINES, with the request that some action be taken by the Court, in conjunction with the courts of adjoining counties in the Bituminous Coal Region to the end that traffic in intoxicating liquors may be curtailed or suspended during the period of the war.

This was followed by an editorial in the Clearfield Progress, Saturday Evening, October 20, 1917, which states:

"There have been instances recently where the miners were unfair to their employers and to the best interest of their country. It has several times been reported to us that miners have failed to start work in the morning because there were no cars under the tipple even though the train bearing cars for the days' work was in sight."

As for the Resolution adopted by the Committee on Public Safety, I desire to quote the following figures from the report of the Pennsylvania Department of Mines, giving the production of coal in Clearfield County for the past three years:

1914	7,149,023 tons
1915	8,022,894 tons
1916	9,061,550 tons

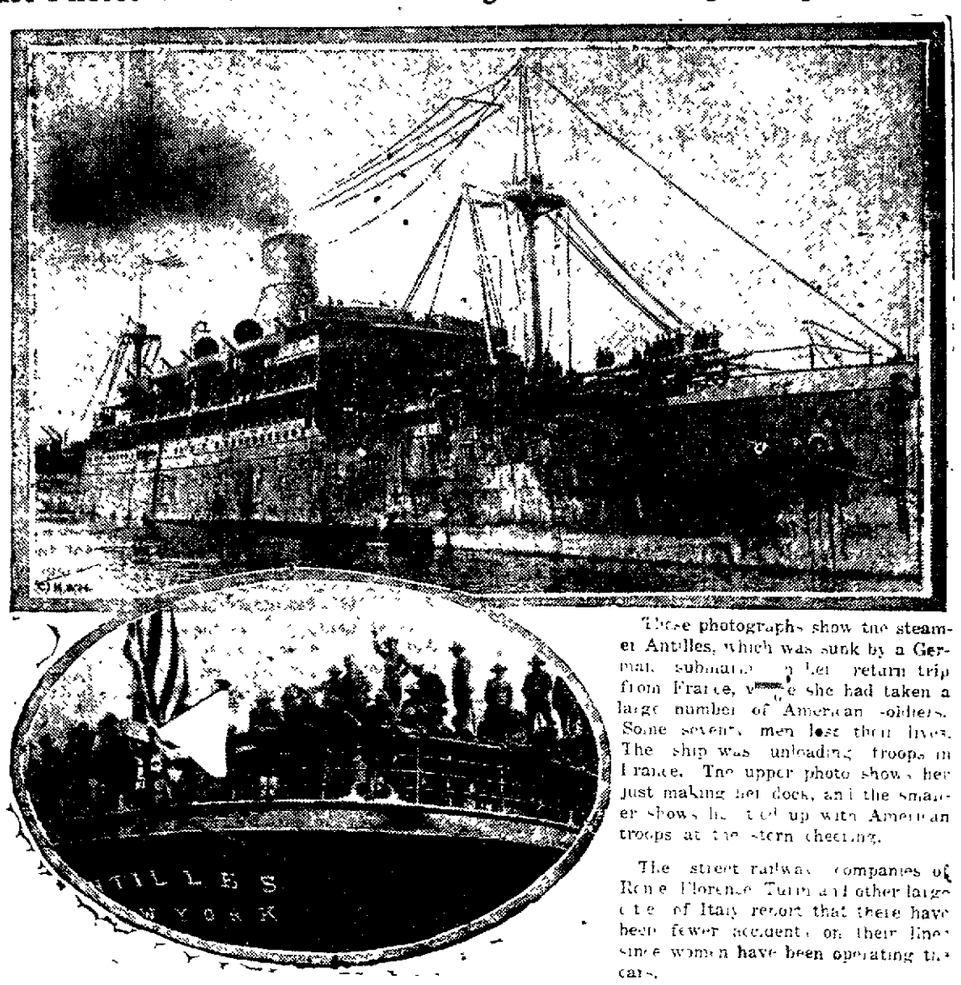
The year 1914 was the last year which could be called normal, as the demand for coal became great in 1915 and 1916 as a result of the great war in Europe, and my comparison is with the year 1914. These figures speak more plainly and eloquently in behalf of the coal miners of Clearfield county than anything the wrte may say. It shows that with less men engaged in the industry in Clearfield County in 1916 than were engaged in the industry in 1914, the production of Clearfield County was increased approximately 2,000,000 tons per year. This does not take into consideration the great quantity of coal shipped by wagon mines that are not reported by the Sate department. The efficiency of the miners in Clearfield County has, therefore, incerased in this period of time 25.3 per cent. I think everyone will agree with me that this showing is remarkable and instead of criticising the coal miners the Committee on Public Safety should ask some of the operators to emulate the miner's example. It is a well known fact that some coal operators who are shouting patriotism refuse to sell their coal to citiens of the United States because of the lower prices obtaining in this Country through agency of the Food bill and were shipping it to Canada where they received as high as $6.50 a ton for it. This practice became so notorious that the Fuel administration Administration of the United States has resulted in such a startling show operators to sell even a part of their supply in their own county.

No later than last week the Fuel Administration of the United States had to issue priority orders on behalf of the Pennsylvania Railroad in order that this great transportation system could obtain enough coal for their railroad use at the price fixed by the Government from the "Patriotic" operators of Pennsylvania.

As to the statement contained in

(Continued on Page 4)

Last Photos of the Antilles Showing Her Unloading Troops in France



These photographs show the steamer Antilles, which was sunk by a German submarine on her return trip from France, where she had taken a large number of American soldiers. Some seven men lost their lives. The ship was unloading troops in France. The upper photo shows her just making her dock, and the smaller shows her tied up with American troops at the stern cheering.

The street railway companies of Rome Florence Turin and other large cities of Italy report that there have been fewer accidents on their lines since women have been operating the cars.

Patriotic Rally At High School To Be Held To-night

Rain Or Shine Patriots of Clearfield Will Be Expected To Turn Out To Hear Hon. Lincoln L. Eyre

BRING SOMEBODY ALONG WITH YOU

(By United Press)

Washington, Oct. 23—For the final spurt in the Five Billion Dollar campaign the Treasury department today urges patriotic Americans to buy Liberty Bonds for Christmas presents and to buy them now as only five days remain. "Do your Christmas Shopping early by Buying a Bond" is the latest official slogan.

In the few remaining days the country must raise about $2,750,000,000 more to make the Second Liberty Loan a success.

"They will not wear our nor change in style," said Captain Oscar Price, National Director of Publicity in the Loan campaign. Members of the National Style association give the Liberty Loan enthusiastic support. "This bond giving plan also will solve the problem of what to know to give. Buying a bond is as simple as buying a newspaper," said Price "You will not help your country by showering necklaces, hobby horses and limousines on your family." Financial experts explained today that there is no feasible reason for a person not to buy a bond for a gift.

MORE MEN TO BE SENT SOON

According to word received by the local exemption board eligibles may hold themselves in readiness for a call between Tuesday and Friday of next week. The call will be for thirty per cent. of the quota.

The local contingent of colored men will entrain some time between Friday and Tuesday.

"This night thy presence shall be required of thee." The boys already in France are calling upon every man and woman in Clearfild to honor them by attending the Liberty Rally tonight.

The boys at Camp Lee will do their ardsuous drill with quicker step and straighter spine if they can read in a few days of the monster Liberty Rally held by their parents, friends and lovers in Clearfield.

Secretary McAdoo of the Treasury will be glad to see when actual subscription totals that Clearfield was not derelict in her duty as patriots.

The local Liberty Loan Committee working under direct orders of the Government, has labored hard and without rest for almost two weeks on Loan work. We owe these men a large measure of consideration. Let us support them by attending the meeting tonight.

Will we let a little town like Morrisdale out do us? Morrisdale has set the pace for attendance at these meetings. Clearfield must follow and it is possible for her to forge ahead.

The Federal Reserve Board is sending Hon. Lincoln L. Eyre here to speak tonight. Mr. Eyre comes highly recommended as a public speaker. He is not a professional lecturer or a political spell binder. He is a business man; another patriot, one of the many thousands of men who have sacrificed their business and are devoting all their time to their country.

Last night Mr. Eyre spoke at Philipsburg in the Rowland Theatre.

A crowded theatre was the result of the meeting called and enthusiasm was at a high pitch. Five band, the fire companies and the school children participated in the parade immediatelyl preceding the meeting.

Every boy who has left Clearfield for the army and navy is a big reason for you to attend the meeting tonight.

If there is an ounce of patriotism in your veins, it will manifest itself and prompt you to wend your way to the High School Auditorium.

This meeting is more important than the celebrations being held in honor of the departing soldiers. On these meetings, which are being held all over the nation, depends the very life of those soldiers.

DuBois has been working especially hard on the Liberty Loan campaign. Tomorrow the city will observe the holiday set apart by the government as Liberty Day. There will be a monster patriotic rally and mass meeting at the Avenue theatre with six speeches by the "Four Minute Men" and music by bands. There will be mass singing under the leadership of Dr. Spencer M. Free. Bars, pool rooms, cigar stores and all other business places will close the entire afternoon. An order has gone out that the police will close any store that keeps their doors open after the noon hour.

Conrad Butler Called By Death Angel

Death of Nineteen Year Old Boy A Shock to The Community

The entire comunity was shocked to hear of the death of Conrad Butler, eldest son of Grant Butler, who died early this morning at the family residence. Conrad had been ill for two weeks and had been in bad health for several years. About six years ago he developed heart trouble, later a form of Bright's disease and recently was afflicted with dropsy.

Mr. Butler aws a member of the 1916 graduating class of C. H. S., was popular with his class mates and a young man who was held in high esteem by all who knew him. He was nineteen years of age.

Women insurance solicitors are becoming numrous in some of the Eastern cities.

Entered at Post Office at Clearfield, Pa., as second class matter.

TUESDAY EVENING, OCTOBER 23, 1917.

EDITORIAL

We cannot blame our people for not responding to every call upon their purses at this time when together with the high cost of living, the Liberty Loan and a dozen other things are occupying our attention and taking our dollars.

Occasionally however there arises a great big chance to do something really worth while. Something bigger and better than the ordinary charity. Something more full of meaning and sentiment. Something more essential than all the others with the exception of the Liberty Loan.

A few years ago we knew the Red Cross only as an organization which gave relief to afflicted peoples, flood stricken communities, fire swept cities and as an aid to the victims of such catastrophies as earthquakes and hurricanes.

Within the last yearo we became better acquainted with it through our having become contributors to the work. In addition to giving our money to carry on the work, Red Cross work rooms have sprung up in every town and hamlet. Busy women have consecrated themselves to the plying of the needle and the making of soft bandages to ease the aches and pains of the hero of the battlefield.

It is the only organization to which the Government turns for Good Samaritan work. When people need sustainance Uncle Sam turns the job over to the Red Cross. When his soldiers are ill and wounded the Red Cross mothers them.

Now there comes another line of service. Thousands of our boys will not be at the Christmas dinner table this year. He will not be at home to receive the customary gifts. In this respect, and probably in this respect alone, a man never grows entirely out of childhood. He exhibits a childish delight in receiving a gift at Christmas time. The Red Cross has undertaken to furnish every soldier and sailor with a Christmas box costing approximately $1.50.

Clearfield County has received notice that its allotment of the job will be five hundred such boxes. One third of the entire number must be sent forward on November 1st. This means that the Committee will have to send one hundred and thirty-five boxes within a week.

To the former appeal there was very little response. One of the local fire companies came forward at once. We suggested that the lodges follow suit. There is time yet fellows. Let us do it.

Can we not do without a little of the surplus gifts in our own home circle in order to make sure that every soldier and sailor gets a Christmas box? Will every reader of this article kindly turn back and read the notice on the front page and then act?

Democrats are finding it hard to reconcile themselves to a professing reform candidate who is in turn the press agent and campaign manager of the liquor dealer candidate.

Arnold could call in his field workers and win hands down now, but that woudln't be like Arnold. He is a worker. He finishes every job he tackles, therefore he will be found working for victory until the eve of the election.

Right Now

the business of war in all of its grim reality is occupying the attention of our country.
Its requirements are men, materials and money.
Many are pledging their lives to our country's cause.
Labor is supplying the energy necessary to produce the material equipment.
You are not asked to give, merely to **lend your money, at interest,** to the Government through the purchase of Liberty Loan Bonds.
As an American—cooperate.
We handle subscriptions.

Girl bootblacks have become so numerous in Boston that an ordinance is now proposed to pre[illegible] them from engaging in such [illegible]on.

Corn Pain Stopped Quick

Corns Lift Right Off With "Gets-It"

Blessed relief from corn pains is simple as A B C with Gets-It.

When you've been limping around for days trying to get away from a heart-drilling corn or bumpy callus, and everything you've tried has only

made it worse, and then you put some Gets-It on and the pain eases right away, and the corn peels right off like a banana skin—"ain't it a grand and heavenly feeling?"

"Gets-It" has revolutionized the corn history of the world. Millions use it and it never fails. Ladies wear smaller shoes and have pain-free feet. We old fellows and young fellows forget our toes and feel frisky as colts. Everybody with a corn or callus needs Gets-It. We will all walk about and enjoy ourselves as we did without corns. Get a bottle today from your druggist, or sent on receipt of price by E. Lawrence & Co, Chicago, Ill. 25c is all you need to pay.

Sold in Clearfield and recommended as the world's best corn remedy by Irwin Drug Co., and Dooley's Drug Store.

Do you like music? Every one does. Come to the musicale given by the West Side M. E. Sunday School orchestra, Wednesday, October 31 and you will hear a good variety of orchestra selections, vocal solos, quartettes and many other good musical numbers. Price 15 cents.

Mrs. Woodrow Wilson, wife of the President, has become an expert golf player.

CURWENSVILLE

JUNIOR CHAUTAUQUA ..... WINTER CLUB BEGINS

'I am Proud of My Town, Is My Town Proud of Me?" This is the motto of Junior Chautauqua and with that as the theme of the first meeting of the Winter Club they are beginning their course of recreation and citizenship, October 25th. Patriotism, health, conservation, work and town financing are some of the themes that will be discussed during this season, in addition to the program of stories and games aid the play given at the end of the season under the direction of the supervisor, Miss Edna Swartley.

The program is a continuation and elaboration of the work carried on during Chautauqua week in the summer, and aims to bring organized recreation and citizenship lessons to the boys and girls, and supplement the work of the school in the child's development. It will be conducted in co-operation with the school and it is hoped parents and teachers will lend their hearty moral and active support by visiting the club meetings and becoming personally acquainted with the work through the Supervisor and the local leader Miss Sara Leavy. The meetings will be held in the Y. M. C. A. Thursday, October 25th at 4 p. m. Those who are interested should keep a sharp watch for the posters announcing the meetings.

TAFT AND PALMER TO SPEAK

Scranton, Oct. 23.—Ex-President Taft and ex-Congressman A. Mitchell Palmer will both be speakers tonight at a public mass meeting in the National Guard armory here to boost the local Liberty Bond drive.

Mr. Taft made this ngagement weeks ago. Mr. Palmer consented to do his bit last wek while sitting here as a member of the district exemption board. His acceptanc ewas obtained the same day President Wilson appointed him custodian of alien property.

OF INTEREST TO WOMEN

Queen Wilhelmina of the Netherlands is a finished housekeeper. Aided by an assistant lady manager, she keeps herself thoroughly posted on and directs everything pertaining to the management of the palace at Het Loo, the park, the farm and gardens.

The young Queen of Spain is likely to become in the course of time the richest woman of European royalty. In addition to receiving her share of the large fortune of her mother it is expected that she will inherit the bulk of the millions possessed by the ex-Empress Eugenie, whose namesake she is.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 35c or $1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy.

The E. W. Rose Co., Cleveland, O.

WILL HOLD EUCHRE

The students of St. Francis High School will give a euchre in the school hall Wednesday evening, October 24. They Offer Lives and Money

What better example could you have of true patriotism than the fact that the Boys of Camp Dix have already subscribed for over a Million Dollars worth of Bonds.

Mere boys, ready to go out into the hell of battle for you; ready for the one supreme sacrifice! Boys whose small solider's stipend will barely sustain them through the long black months, and yet who say:

"Here, We Will Take A Million of Your Liberty Loan, Uncle Sam! We Have More Than Lives To Give; We'll Give Money Too!"

Oh, men and women of Clearfield County, can you turn a deaf ear? Can you salve your conscience with a niggardly subscription when simple duty should multiply it ten-fold?

Our soldier sons will teach us fortitude and courage, *Must They Also Teach Us Honor?*

Boost these boys "Over the Top" to the victory they deserve.

The hour for men's work has struck! God give it to us to see this thing *Through Like Men!*

See Your Employer or Any Bank or Trust Co.

Miners Officer Argues Claim of Committee

(Continued From Page One)

The Progress, "That miners left the mines when trains bearing cars were in sight," I desire to state that the Mine Workers Union were not notified of any such a happening in Clearfield County. A case such as this did occur in Cambria County last May, but the miners' officials requested the men not to do this again, and it has not happened since, at that place. However, that happened in Cambria, not Clearfield County.

If the miners proclivities to "booze" has rsulted in such a startling showing of inefficiency as in increase of 25 per cent. in their productive capacity with fewer miners to do the work it might be well for the Committee on Public Safety to reflect on Abraham Lincoln's advice to the critics of General Grant who complained that he was "boozing" too much. Lincoln stated that he would like to know the particular brand that Grant used so that he could buy some for his other generals, and they might be able to win a few victories too. This letter, however, is not written in defense of the liquor interests, and I hold no brief for them, but it is written in defense of the coal miners of Clearfield County.

We have it on no less authority than Dr. H. A. Garfield, Fuel Administrator for the United States, in the public press, that during the first eight months of 1917 the production of coal in the United States has increased 25 per cent over the same months of 1916.

The Committee on Public Safety should know that the great drawback to the production of coal everywhere in the United States is the lack of transportation facilities, better known as car supply. Just one instance in Clearfield County that came to my attention today. In one minting town of 400 miners located on the Moshannon Branch of the P. R. R. in this County they worked during the week beginning the 14th and ending the 20th of October only 15 hours; up until the present time this week and including today they have only received enough cars to work 2 hours. This is the fact about the matter, any statement to the contrary notwithstanding.

I am willing that the citizens of Clearfield County should now draw their own conclusions on the so-called "practical" esolntions adopted by the Committee on Public Safety so far as it reflects upon the coal miners of this County.

Very truly yours,
CHARLES O'NEIL,
Vice Pres. District 2, U. M. W. of A.

Mrs. M. V. Mapes of Clover Hill Farm is spending some time at the home of her daughter Mrs. Claire J. Dufford of Broad Lawn Farm, near Philadelphia.
